 He was in St. Louis at same time your Emily was in same ward, too.
2. Emily --- {married by 1850 census and no will for Peter so can't prove for certain.} ??
 middle name Virginia married 20 Oct 1841 to Lewis Morgan Lauck. She was listed with her husband in
 1850 census and was 28 years of age which would fit nicely into this family.
3. Michael Hannun; Hannan born about 1823(27-1850)

all children reported born in Virginia in census sources - 1850 census Shenandoah co., Va. (444,966) pg. 40 Phillip Hamman, of Peter, pg. 42 Peter Hamman family, Shandoah co., marr. (975.595V25g), pg. 98 Peter Hammon-Mary Keller Russell L. Hansford, 714 98th st. Marmet, W. Va. for clues in book - What I Know About Winchester rec'd via corres., Phillip Hannun listed in St. Louis city, 1860 census (gs film 803,651) same age as above Phillip pg. 50, pg. 143 Lewis Morgan Lauck, wife Emily and family, so likely that those two families came from Virginia to St. Louis together.

L48

All children on this sheet definitely proven by census to be children of above couple but Emily who was married by them. With Phillip in St. Louis in same county as Emily in 1860 there would appear to be an implied relationship but this may not be so. ????
